## Koken

Ko-ken Tools is a fourth generation family owned and operated business in Japan.

Born from a passion for all things automotive, Ko-ken is the world leader in producing high-quality hand sockets, socket wrenches & accessories. The entire manufacturing process is in-house at Ko-ken, from design to cold forging, heat treatment and plating. The company's success comes from a drive to continually push the barriers of quality and precision.

## Quality for a century

Since the very beginning, we've made innovations that make people's lives easier and jobs safer. And we're still at it. It all started with a salmon fillet knife on Oregon's coastline. And today it's world-class LED optical technology and pocket tools. One thing has never changed: COAST innovations are trusted tough.
